

Stocks and Crypto Intro

Disclaimer: Not Financial Advice

Why Invest in Stocks and Crypto?

- Stocks:
 - A proven way to grow wealth
 - When done right, will outpace inflation
 - Established and safe*
 - Influenced by real time events and occurrences
 - Predictable
- Crypto
 - Very large gains
 - Could be the future
 - Gaining Corporate adoption
 - Cheaper entry point(for the most part)
 - Better alternative to Forex

How the Stock Market Works

Activity

1. Decide whether stocks or crypto will be better suited to your situation
